GOVERNMENT OF INDIA
RAILWAYS
LOK SABHA

UNSTARRED QUESTION NO:1870
ANSWERED ON:09.03.2015
WATERLOGGING UNDER BRIDGES
Mishra Shri Bhairon Prasad

Will the Minister of RAILWAYS be pleased to state:

(a) the details of the locations from where complaints of water logging under railway bridges below railway tracks have been received; and

(b) the measures taken/being taken by the Railways in this regard?

Answer

MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI MANOJ SINHA)

(a) & (b): While constructing Road Under Bridges (RUBs), drainage work is planned and provided as warranted by the local conditions. Furthermore undertaking is taken from the State Government for maintenance of drainage system, road and lighting while constructing Road Under Bridges (RUBs). Therefore, no record of such RUBs is maintained by Railways. However, complaints received regarding water logging are referred to State Government for necessary action.
